

VID JAMNIK PRESENTS

URGENT DETERGENT – an international quartet of vibraphonist Vid Jamnik, which in its newest formulation features some of the finest young musicians from around the globe, now based in New York City.

Founded at Berklee College of Music, the band has toured in France; recorded for the compilation CD of Berklee's Jazz Revelation Records, featuring the best student compositions and groups; was a finalist of the European Jazz Competition in Holland; and took 2nd place in the 7 Virtual Jazz Competition. In spite of the changes in the line-up, the quartet stays true to the instrumentation of vibraphone-piano-bass-drums and to playing original music, which, quite contrary to popular belief, bears no similarity to soap opera jingles ...

... most of the time, any resemblance is purely coincidental.
